Work Experience

Assistant Manager – Data Analyst – Ranchers (Project: Zakori Group) | Dec 15– Present

- Currently managing and analyzing data for the Zakori Group project, providing actionable insights to support business decisions.
- Developing dashboards and reports using Excel and other BI tools to track key performance indicators.
- Assisting in data automation processes to improve efficiency and accuracy of reporting.
- Writing and optimizing SQL queries to extract, manipulate, and analyze data from databases to support reporting and decision-making.
- Utilizing SAP (Inventory Management) to monitor stock levels, track inventory movements, and ensure accurate inventory reporting.
- Designing and generating Crystal Reports to deliver structured, data-driven insights for operational and management reporting.

Freelance Data Analyst – Freelancer | 2 years

- Completed automation projects using VBA and Excel to streamline data processing and reporting.
- Utilized Pivot Tables and advanced Excel functions (VLOOKUP, INDEX-MATCH) for dynamic data analysis and reporting.

Technical Skills

- **Data Analysis & Databases:**

SQL, MySQL,
Excel (Pivot Tables, VLOOKUP,
INDEX-MATCH),
SAP (Inventory Management),
Python (Pandas, NumPy)

- **Data Visualization & Reporting:**

Power BI, Looker Studio,
Tableau, Crystal Reports,
Excel (Charts, Pivot Charts,
Conditional Formatting), Matplotlib

- **Automation & Scripting:**

Python, VBA

- **Programming Languages:**

Python, JavaScript, C, C++,
Small Basic, Scratch

- **Web Development:**

HTML, CSS

Language

- English
- Urdu

Work Experience

Head of Department (APSACS , 8 Years)

- Developed and maintained automated reporting systems for teacher-student performance analysis using Excel and VBA.
- Conducted training sessions on data analysis tools (Excel, VBA) for colleagues and students, improving data literacy across the department.
- Led initiatives to integrate data-driven decision-making into department management and workflows.
- Created scripts in Python and Excel to automate repetitive administrative tasks, saving time and increasing efficiency.
- Taught students in computer science and programming, focusing on Excel, data management, and automation techniques (e.g., VBA).
- Designed curriculum for teaching advanced Excel skills, including Pivot Tables, data visualization, and basic data analysis.
- Taught HTML, CSS, and basic web development as part of computer science curriculum.
- Guided students in creating simple web pages and websites using HTML to display data analysis results.
- Used HTML and JavaScript to create web-based teaching materials for interactive learning experiences.

Projects

- *Sales Data Analysis for Retail Client* Analyzed sales data using Excel and Python (Pandas) to identify trends and suggest improvements for inventory management.
- *Used Pivot Tables and Excel functions* to summarize and aggregate sales data by various dimensions (e.g., product, region, time period). *Automation of Employee Data Reporting* Automated the monthly payroll reporting process for a client using VBA and Excel, saving 10+ hours of manual work each month. *Used Pivot Tables* to aggregate employee data and generate detailed payroll reports.
- *Developed macros* to streamline data collection and reporting across multiple departments. *Customer Behavior Analysis* Used SQL to extract data from a database, cleaned and analyzed it using *Created Pivot Tables in Excel* to provide insights into purchasing patterns and customer demographics.

Freelancing Courses

Freelancing Course – DigiSkills (2021)

- Gained essential skills for managing freelance projects, client communication, and business development.
- Learned strategies for building a freelance portfolio, marketing freelance services, and effectively managing client expectations.

Awards

- Certificate of Course Coordinator – Digital Safar Program APSACS Ordnance Rd, in partnership with Tech Valley and Google
Issued: 2024
- Certificate of Excellence – Best Coordinator
Issued: 2023-24
- Certificate of Merit – In-Charge of Winner House (Tolerance House)
Issued: 2021-22
- Certificate in Managing Tasks on Time
Issued: 2022-23
- Certificate of Active Participation – APSAC Ideas Expo
Issued: 2020
- Certificate of Attendance – Workshop on Hello World Kids
Issued: September 2023
- ICATS Coordinator Certificate – ICATS IT Contest 2021 Awarded for coordinating the ICATS IT Contest in 2021
- Certificate of Participation – Foundation- I (General)
Issued: 2024
- Certificate of Participation – Foundation- II
Issued: 2025
